POLICY

In the School Board workplace, there are potential risks for foot injuries. These risks could arise from objects that fall or roll, sharp objects, slippery surfaces, chemical products, power sources or any other risk that may cause injury to the foot, or cause a person to slip, trip, or fall. All reasonable effort will be taken by the Board to eliminate or reduce these risks by establishing physical or administrative control measures. In addition to these measures, the Board has established requirements regarding the type of footwear to be worn, in order to counter the risks that cannot be covered by the control measures in place.

This Policy applies to all employees of the Board, while on Board business, either on or off Board property, and contractors while on Superior-Greenstone District School Board property.

not
